DEPORT ALIENS, WOMEN ASK

Italian Is Given \$2,000 Fine for Liquor Violation—W. C. T. U. Members Act to Curb Breaking of Laws by Unnaturalized Residents

Deportation of all aliens convicted of violating the laws of the United States was recommended by members of the Francis Willard chapter of the Women's Christian Temperance union at their regular meeting Tuesday evening.

This action was followed Wednesday by the placing of a \$1,000 fine against Frank Trumplano, Italian, on each of two counts in criminal court Wednesday before Acting Judge Ben Motter. He was then held to federal court and may face deportation. He could not pay the fines.

Trumplano was arrested along with John Guccid, Italian, in the act of running off liquor at his home in 546 E. Second-st. Trumplano pleaded guilty to manufacturing and possession. Guccid denied his guilt and is being held for trial Friday at 1:30 p. m.

Another fined—Grady Miller, 61, proprietor of a grocery at the corner of Wayne and Union-sts., who was taken Tuesday afternoon in a raid conducted by Inspector Kipker and Officer Soderers, was arraigned at 4 p. m. Tuesday, pleaded guilty and was fined \$200 and costs.

Miller was charged with selling Jamaica ginger for drinking purposes. George Buti, 30, grocer, 402 N. Pine-st., was arrested Wednesday morning by Deputy Sheriff Al Smith, after a bottle of alleged liquor had been found in his store. Buti insists that he is a victim of a frameup.

Buti pleaded not guilty to a charge of illegal possession before Judge J. H. Hamilton Wednesday and was held on \$1,000 bond. Later he changed his plea to guilty and paid a fine of \$100.

Smith made a search of the grocery store, he declared, on information that whiskey was kept in the place. He said his informant was uncertain as to whether Buti was selling whiskey or not.

A quart flask about one half full was found underneath a feed bin in the store. Smith declared the bottle contained whiskey, while Buti insisted it was only wine. A man took it to his place two weeks ago as a present, he said, and left it. Buti said he did not want it and put it away intending to give it back to the man. However the man never returned.

Buti's grocery has a dark history in Lima police annals. Within its walls occurred a blackhand outrage, unsolved by police.

Three swarthy men, believed to be Italians, entered the store one winter evening two years ago with the intention, it is thought, of killing Alex George, a Bulgarian, the proprietor. Instead they killed Bayne Stoick, father-in-law of the owner.

Mystery unsolved—No one was ever arrested for the crime. Alex George, fearing further vengeance of the dreaded Camorra, took his little family and fled from the city to parts unknown.

Buti later acquired the grocery and has been operating it for about one year.

Four quarts of alleged bootleg whiskey were confiscated, and police are searching for two men with sworn affidavits for their arrest on charges of possessing illicit liquor, as the result of a raid conducted Tuesday afternoon, in which three homes on W. Third-st. were visited.

Three pints of alleged liquor were taken at the home of Louis Vallis, 121 W. Third-st. No one was home when the officers entered the house. When leaving the Vallis home an officer caught Mrs. Frank Conces, 145 W. Third-st., hiding two pint bottles along the fence in the rear of the house. It is alleged another home in the same block was visited but nothing was found.

Detective Inspector Kipker conducted the raid, assisted by patrolmen Roney, Cook and Soderers.

Search for man—Lima police have been asked to be on the lookout for Charles King, 63, who disappeared August 1 from the home of his son, Dr. J. P. King, of Eaton, O.

SS in shade—(Special)—Temperature of 95 degrees in the shade and 109 degrees in the sun were recorded here during the height of the recent hot prostrations.

NEW ANGLE IS REVEALED IN MURDER

Alienist Tells Who Dealt Fatal Blow to Franks

CONFESSIO IS CLAIMED

"I Killed Him," Witness Declares Dickie Admitted

CRIMINAL COURT ROOM. CHICAGO — (By United Press)—Richard Loeb struck the fatal blow that caused the death of Robert Franks, it was revealed for the first time today at the judicial hearing of Nathan Leopold, Jr., and Richard Loeb, Bernard Glueck, psycho-analyst, alienist for the defense, made the revelation.

Up to this time, each of the boys had blamed the other for the actual attack upon Robert with the taped chisel. Heretofore other doctors had said they "believed" Leopold had dealt the blow.

Dr. Glueck, taking up his story of Loeb where he left off yesterday, was stopped by Benjamin Bachrach, a defense attorney, with the question "Did you talk with Loeb about who struck the blow?"

"Yes, Loeb told me he struck the blow himself," Dr. Glueck replied. "I was the only reference made to the incident by Dr. Glueck, but Dr. James Whitney Hall, chief of defense alienists, leaned over to the United Press and said:

"This is the first time that the actual attacker of Robert has been named. Loeb killed him. He said this not only one time but several times."

Dr. Glueck went on to describe Loeb's lack of emotion in telling his own story of the crime.

DETAILS GIVEN—Dickie told all of the gruesome details of the Franks murder, the doctor said.

"He told it all to me as a matter of fact incident explaining how he and Leopold stopped off in their automobile for a light lunch while Robert's body was lying in the automobile."

"I was particularly interested in the great disparity between his telling of the crime and his utter lack of normal human feeling. I have examined more than 2,000 criminals and I have never seen such a remarkable situation except in these cases where the criminal had a disordered mind."

I have been watching Dickie in court for a number of days and I could not help but notice how he sat and listened to the arguments intended for the purpose of hanging him without showing the least emotion. It seemed almost as though he were sitting in a theatre watching a college play or something of the sort."

JUDGE'S GAZE MET—As Dr. Glueck attracted attention to the two young slayers, Judge Caverly fastened his eyes upon them. It was one of the few times that he has noticed them, as he spent most of his time listening to the testimony of the witnesses.

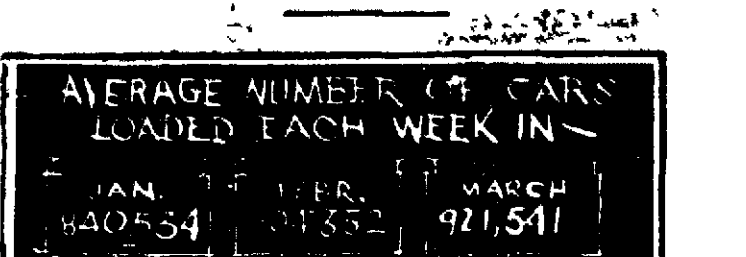

As the hearing progressed, eyes looked out from under shaggy brows. Loeb and Leopold each met his gaze.

Very early in life Leopold deliberately set out to kill all human emotions—sympathy, tenderness, Dr. Glueck said. At one time during the conversations that Leopold and the doctor had, Leopold caught himself expressing sympathy for the family.

Leopold immediately apologized for this exhibition of sympathy, the witness said.

FREIGHT TRAFFIC IN LIMA SHOWS INCREASE

July Banner Month In United States, Survey Shown—Local Railroads Are Enjoying Share Of Business Agents Say—Better Conditions Forecast

Freight traffic is increasing in Lima. This is one of the surest barometers of trade and indicates that a general upturn in general industry will be seen in the very near future, financial interests believe.

Above is a diagram showing the average number of cars loaded by all railroads in the United States during the first seven months of the year.

Inquiry Wednesday revealed that car loadings in Lima are running as good if not better than the national average and that railroads here are preparing for a busy fall and winter.

This will mean not only busy industries in Lima but it will mean that all railroad workers will shortly have ample work.

REPAIRS NEEDED—Shoemen will be needed to repair cars and locomotives preparatory to the heavy traffic that is looked for it is asserted. National figures show that the number of locomotives needing repair is at its peak at the present time.

W. W. Crooks, of the Pennsylvania railroad said Wednesday that traffic over that road and in and out of Lima is steadily increasing and that in July the figures of last year were nearly reached. He is very optimistic regarding the future and predicts greatly increased industrial activity, and consequently greater freight business.

B. O. traffic is very satisfactory at the present time and business is increasing, L. B. Colbert, freight agent said Wednesday in commenting on the increased freight loadings.

While business is not up to the high level of last year, it is on a par with or ahead of 1922. Car traffic was very good, Colbert continued. "We expect very much heavier traffic from now on."

BIG INCREASE SHOWN—At the D. T. & I. railroad it was reported that freight traffic has increased approximately 20 per cent during the past few weeks and further increases are looked for. Conditions are very optimistic it is said.

While exact figures could not be obtained from either the Erie or Nickel Plate railroads it is understood that traffic on them is rapidly increasing and the preparations are being made to handle heavy shipments expected.

While grain shipments are light from Lima they are boosting figures for smaller communities. Hay shipments are also good and a number of cars are being sent from here.

she said "He has a lot of good qualities, but apparently he hasn't sowed all his wild oats yet and never will."

Then there never will come a time when I won't be a good friend of Frank's and won't help him all I can.

"I'll go back to work (Mrs. Tinney was formerly Edna Daventport, a stage favorite) and the boy and I (the Tinneys have a small son), will live, down at Baldwin on our 35-acre."

Those acres are nice and flat and I will be able to live on the level, which is the only way after all, I guess."

Miss Luther remained on the stand all of yesterday to deny these accusations and she described in detail how White after persuading her to go to California with him to be starred in pictures at his expense, filled the journey from New York to Hollywood with proposals that they go to Mexico and marry, altho he had a wife and child.

She said White once told a jewelry clerk here that they had been married.

On one occasion she said, he made love to her in Spanish but whether he spoke in English or Spanish he always declared himself eager to marry her and finance her career in the films. She, in turn, promised to be his wife, she testified.

NATHAN COON'S CRAFT BURNS; TWO ARE HURT

Charles Seymour Burned and Drowned When Launch Takes Fire and Tank Explodes—Fred Claypool of Roundhead, May Die

Owner of Boat Escapes with Minor Burns—Pair Saved by Clinging to Pier in Water—Body Is Not Recovered

Charles Seymour, mechanic and chauffeur for Nathan Coon, was drowned Wednesday shortly after 10:30 a. m. when the Coon speed boat, "Honeysuckle" caught fire and the gasoline tank exploded.

Nathan Coon and Fred Claypool, the latter from Roundhead, were in the boat at the time and were severely burned. Claypool is in a Bellefontaine hospital and Coon is at his Russell Point home. Coon will probably recover but it is feared Claypool will not.

The accident occurred about half way between Russell Point and Sandy Beach. Coon had been having trouble with the motorboat and the three were testing it out.

The force of the explosion threw all of the men out of the boat and into the water. They were all burned to such an extent that they could not aid themselves. Coon and Claypool clung to a floating pier until rescued.

Seymour, however, did not have his life belt fastened about him and as a result sank to the bottom of the lake before help could reach him. His body had not been recovered at 1:30 p. m.

THREE ON BOAT—Despite earlier reports, there were only the three persons on the boat at the time of the accident. The craft is used as a pleasure boat and is one of the fastest on the lake.

Hundreds of residents of the resorts bordering on the lake were at the scene of the accident within a few minutes after the explosion. Coon was fished out of the water badly burned about the arms and body and his face scorched. He returned to his cottage later in the day.

Claypool was also badly burned and it is believed he may have inhaled some of the hot gases and suffered internal injuries that may cause his death.

The boat is a total loss. It drifted about a quarter of a mile from the scene of the accident and when burned to the bottom of the lake. No attempt will be made to raise it, Coon said Wednesday. The boat was valued at \$3,500.

An aviator in a launch named "Pathfinder" aided in the rescue of the two men.

ACTRESS DENIES CHARGES

Testifies in \$100,000 Suit Against Rich Mining Man

LOS ANGELES — (By Associated Press)—Proposals of marriage and promises of a well financed film career were made in a Pullman state room in which Edna Daventport, wealthy mining man's wife, was speeding westward toward Hollywood and the movies.

Ann Luther, actress, has testified here in her \$100,000 suit against White for alleged breach of an agreement to star her in motion pictures.

White told the superior court jury of eleven women and one man that it was Miss Luther who lured him across the continent to help her get started in the films, and that after they arrived here, she lured him to the wife of Ed Gallagher.

Miss Luther remained on the stand all of yesterday to deny these accusations and she described in detail how White after persuading her to go to California with him to be starred in pictures at his expense, filled the journey from New York to Hollywood with proposals that they go to Mexico and marry, altho he had a wife and child.

TWO GIRLS TAKE STOCK OF WRECKAGE

By FRANK GETTY

NEW YORK — (By United Press)—Cyclonic Frank Tinney is on the bounding main, possibly warming up to this second onslaught and glancing thru a brand new contract calling for \$1,500 a week, while the girls he left behind him took stock of wreckage left when a high voltage black face cave man runs just a little too far amuck.

Two female voices—the one resonant and firm, the other faint and sad—were raised, and neither one would have an out and out bad word to say about Frank Tinney.

When the comedian knocked out Imogene Wilson, fair Polka favorite and got into court and out again, she snatched a camera and didn't go home for three or four nights, here's what happened to the principals.

EIGHT PERSONS ARE KILLED IN TERRIFIC STORM

PROPERTY LOSS IS HEAVY

35 Railway Bridges Washed Away in Wisconsin

MANY TOURISTS STRANDED

Buildings in Lowlands Are Reported Swept

MILWAUKEE — (By Associated Press) — Wisconsin's most severe storms in years has taken a terrific toll in property and life and the end is not yet, according to surveys made this morning. Property loss will run into millions of dollars and eight deaths are traceable to the storm. Bleeting of large, expensive bridges near West Bend, Wis., to permit a faster flow of flood waters, and a new bridge, was going forward today under the direction of engineers and members of the American Legion.

More than fifteen bridges on the Chicago and Northwestern and Chicago, Milwaukee and St. Paul railroads, between Milwaukee and Green Bay, are washed away, all train service on north branches discontinued indefinitely and hundreds of volunteers are aiding in the work of repairing.

Waters in swollen rivers and streams from Milwaukee to Oshkosh continue to rise, flooding lowlands and taking toll of bridges, buildings and crops. Just as the volume of waters was receding after the storm of August 3, heavy rains of yesterday afternoon added heavy burdens.

TOURISTS STRANDED
Hundreds of tourists are stranded in cities and towns of the flooded area, while in Milwaukee many persons are waiting an opportunity to continue journeys northward.

Cities and towns in the flooded area so far have been able to take care of all families made homeless by the rushing torrents.

The heaviest toll was taken in the houses between Milwaukee and Fond du Lac, where water lies in vast ponds in places that were but recently showing promise of yielding bounteous crops. In the face of their huge crop losses, farmers appear stoical and are waiting for the water to subside that other farm work may continue.

DRINKS POISON
CLEVELAND — Told by her husband of six days that he no longer loved her, Mrs. Katherine Ballard, 22, walked into an adjoining room and drank poison. Her husband, Edward Ballard, took her to a hospital, but her condition is critical and physicians hold little hope that she will recover.

ENGAGED TO WED

AGNES AYRES

LOS ANGELES — (By Associated Press) — Agnes Ayres, motion picture actress, has announced her engagement to marry S. Manuel Reichel, attaché of the Mexican consulate general in San Francisco. No date has been set for the wedding.

NEW ANGLE IN MURDER GIVEN

(Continued from Page One)

Traces of nervousness. From the moment Dr. Glueck announced that Leeb had admitted the killing, Leeb kept his eyes almost constantly on Justice Caverly. Leeb sat quietly watching the scene nonchalantly. His demeanor has undergone a complete change. He runs his fingers across his face, tapping his lips and chin. This behavior is in distinct contrast with that of Leopold. Leopold is almost motionless, occasionally breaking into a laugh as something strikes his sense of humor.

Apparently Leopold sensed his comrade's apparent depression. He leaned over and dug Leeb in the ribs, voiced a few words and then laughed, but Leeb paid no attention to him.

Dr. Glueck related the phantasy life of Leopold, stressing a "King David" phantasy in which Leopold was sometimes the king but more often the slave.

Leopold is a "definite pathological personality," Dr. Glueck said. The witness said he had never even the condition of such "pathological" psychosis in person so young as Leopold. Leopold's pathological tendencies and delusional ideas help around the youth's strange personality, Dr. Glueck said.

In cross examination Crows demanded of Dr. Glueck the original notes to show whether they contained a memorandum of Dr. Glueck's assertion that Leeb admitted striking the fatal blow to Robert Frank.

Mrs. Arthur Strobey, daughter of Mrs. J. B. Robinson, who has been critically ill at St. Rita's hospital, is improving nicely.

KIWANISANS HAVE GOOD TIME

75 from Lima Attend Inter-City Meet at Kenton

STUNTS ARE ENJOYED

Plans Are Laid for State Convention at Canton

Nearly 75 Lima Kiwanians journeyed Tuesday night by automobile for Kenton for the first district of Ohio Kiwanis inter-city meet held there. More than 400 Kiwanians from the district attended.

The meeting was held at the dancing pavilion at Lake Idlewild, north of Kenton, instead of Bell's Park, where the big tent under which it was to have been held collapsed Monday evening during the terrific windstorm which hit Kenton.

All 14 clubs of the district were represented at the gathering. The Kenton club, with 55 members, was overshadowed by the Lima club in attendance. Lima had approximately 75 of its 160 members present. Lima had the biggest delegation at the meet.

The clubs represented were Ada, Bowling Green, Celina, Delphos, Findlay, Kenton, Lima, Marysville, Napoleon, Ottawa, Sidney, Toledo, Wapakoneta and North Ballwin.

The program started with the singing of "America" by all present. The invocation was made by Rev. J. H. Schumacher, of Delphos. Following the singing of Kiwanis songs, dinner was served by Kenton girls.

MEMBERS WELCOMED
The program, started by the singing of "America" by all present. The invocation was made by Rev. J. H. Schumacher, of Delphos. Following the singing of Kiwanis songs, dinner was served by Kenton girls.

Robert F. Frey, Ottawa, lieutenant governor of the first district and who is being boosted for governor of the Ohio district, was introduced by Phillips as master of ceremonies. Frey talked for a few minutes and then introduced Russell C. Heddeson, East Liverpool, Ohio, Kiwanis governor, who gave a short talk.

Five clubs, Sidney, Delphos, Ottawa, Findlay and Lima, closed the program with home talent vaudeville acts. "Frank" Clark, black-face comedian, represented Lima. Delphos put on what was probably the best "stunt" of the evening with "Jean and Jeanette," two girls who did costume dancing and whistling. They were Jean Roy and Winifred Longdon, the former playing selections and the latter doing most of the dancing acts.

OTHER STUNTS
Sidney's act was a saxophone quartet, while Ottawa had a girls' quartet which sang a number of popular songs. Findlay brought down the house with an Egyptian dance. The "female" contortionist proved in the end to be a man dressed in feminine attire.

The meet was voted by all a complete success. The town of Kenton was delighted with the occasion and a real reception given the visiting Kiwanians.

A large number of those present at the meet signified their intentions of attending the annual convention of Ohio Kiwanis to be held September 23 and 24 at Canton. Two delegates from the local club will be named within a few weeks, it is announced.

Next week the club will hold its regular luncheon at the Shawnee Country club, where a group of Lima golfers will meet a number of golfers from the Toledo club. Lima went to Toledo last summer and won from the Toledo team.

FORD MAY BE ENTERED IN RACE FOR SENATE
LANSING, Mich. — A move to place Henry Ford's name on the September primary ballots as a Republican candidate for the United States senatorial nomination, opposing Senator James Couzens was launched here today, apparently by interests favorable to the candidacy of W. W. Potter, chairman of the public utilities commission, for the Republican nomination for governor.

The secretary of the public utilities commission caused Ford nominating petitions to be printed and one set was to be placed in circulation in Detroit.

It is believed the action was taken without Ford's knowledge. Party leaders professed to see in the move an attempt to keep up the gubernatorial candidate with a Ford movement. Potter disclaimed all connection with the idea, declaring that the secretary of the commission who is interested in the Potter campaign, acted independently.

Mainly About People

Mrs. M. A. Wagner, R. Charles, who is now in a Cleveland hospital, undergoing treatment, was reported to and an improvement noted.

Reunion of the "Big Four" families, the Bowsher, Reichelderfer, Mowery and DeLong families, will be held Aug. 23 at Laurelville, Pickaway-co. A big time is planned, T. E. Bowsher asserts.

Annual reunion of the Gross families will be held Aug. 10 at the home of Solomon Gross, two and a half miles northwest of Jackson Center, George B. Gross, secretary, announced.

James A. Smith of Baltimore, Md., is a guest at the Hotel Argonne for a few days.

John Holmworth of Bridgeport, Conn., was a visitor in Lima Wednesday.

George B. Clapp of the National Supply Co., has just returned after a visit with relatives in Ballston Springs, N. Y.

Mrs. C. F. Sinclair of 1556 W. Wayne st., who has been seriously ill for some time is much improved.

The Lima Bakers' club will hold a dinner at the Hotel Barr Wednesday evening. Problems facing the baker of today will be discussed.

George D. Whipple of Roundhead left for Buffalo Tuesday. Before leaving he appointed Victor L. Salal as his manager for the Whipple, Ulrich, Neal & Smith Oil Co., in the Roundhead district. The company has a large acreage there and expects to do extensive drilling.

A. E. Brumbaugh of Orlando, Fla., is stopping at the Hotel Argonne for a few days.

THOMAS IS OUT ON BOND
Denies Guilt When Arraigned in Toledo Court

Charged with violation of the federal prohibition laws, William Thomas, former Lima patrolman, who twice negotiated successful escapes from the hands of dry agents, was arraigned in United States court at Toledo Wednesday morning, entered a plea of not guilty, and was released by Judge Killits under \$4,000 bond.

He immediately secured bond and returned to Lima. He was seen Wednesday morning, and his presence in the city was reported to police, who are without authority to take him into custody, even though, it is said, he still owes the city the greater part of a \$200 fine assessed several months ago in criminal court by Judge Poling.

Albino he was sought by city, county and federal authorities on various liquor charges. Thomas, when caught leaving the city with a truck load of furniture Monday morning, was held for federal authorities, and was taken to Toledo Tuesday morning.

Thomas faces a charge of transportation of liquor in Angliazeo-co. and is also cited by Sheriff Harvey Cresson as the proprietor of the Harding highway roadhouse, which was raided on July 12 and a quantity of alleged liquor discovered.

LAST RITES FOR DR. SHEIBLEY
Body Laid to Rest After Tribute from Friends

OTTAWA — Funeral services for Dr. Albert F. Sheibley, 60, former Putnam-co. coroner and prominent surgeon of this district, were held at 2 p. m. Wednesday at St. Peter and Paul's Roman Catholic church here. Burial was in the church cemetery.

It is estimated that more than 3,000 out-of-town people attended the funeral. Business was suspended and the court house and school at City Hall closed during the services which lasted from 9 to 11 a. m.

Kelights of Columbus, St. Peter and Paul's Men's society and members of the Putnam-co. Medical society, with all of which he was affiliated, were all represented at the services. Many who attended the funeral were unable to get inside the large auditorium.

Rev. Father A. Brunswick, assistant pastor of the church, read the requiem high mass. The sermon was given by Rev. Father V. Krull, pastor at the close of the service. Rev. Krull paid a tribute to Dr. Sheibley, telling of the good he had done in the world, of his charitable deeds, his kindness to everyone, his ministrations to patients when pain racked his own body and the monument of character he built for himself in the community.

WALTON CLOSE IN SENATE RACE

Ousted Oklahoma Governor Not Far Behind Howard

THREE ARE OUT OF RUNNING

Returns on Oklahoma and Missouri Primaries Given

OKLAHOMA CITY — (By Associated Press) — Congressman E. B. Howard, of Tulsa, a favored candidate, held a slight lead over J. C. Walton, ousted governor and bitter klan opponent in the race for the United States senate in returns from yesterday's primary received early today.

Unofficial returns from 1,137 of the 2,396 precincts in the state gave Howard 37,482 and Walton 33,814. The other three candidates apparently are out of the running.

In the Republican senatorial contest, W. B. Egan, of Okmulgee, klan endorsed candidate, had a lead of nearly 8,000 over his nearest opponent, Eugene Lorton, Tulsa publisher, and adversary of the klan when returns from 56 precincts were tabulated. The southwestern part of the state where Walton is said to be a strong favorite has not yet been reported.

Howard backers point out that returns from his congressional district in the northeast, are far from complete and predict that later reports will offset any advantage Walton may gain.

In seven of the eight congressional districts of the state incumbents are running for re-nomination and have comfortable leads over their opponents. The incumbents include seven Democrats and one Republican. Two of the Democratic candidates are unopposed.

CAPPER RENOMINATED
KANSAS CITY, Mo. — (By Associated Press) — A neck and neck race developed early today in the contest for the Republican nomination for governor in Kansas, but with Lieutenant Governor Ben S. Paulsen maintaining a good lead over Clyde M. Reed of Parsons and former Governor W. R. Stubbs.

Reed from 614 precincts out of 2,578 in the state in yesterday's primary gave Paulsen a margin of 1,795 votes over Reed with Stubbs separated from second place by only 25 votes. The vote: Paulsen 15,389; Reed 13,594; Stubbs 13,569.

DAVIS RENOMINATED
Governor Jonathan M. Davis, the only Democrat elected on the state ticket in 1922, was renominated by an overwhelming majority.

Returns from 363 precincts showed him running more than 3 to 1 ahead of Harry S. Burton, former mayor of Kansas City. The totals Davis 7,624; Burton 1,906. The vote in the race for the Democratic nomination for the United States senate was running close with the balloting done five ways.

Returns from 340 precincts gave James Malone 2,006; Ed T. Hackney 1,982; Ben S. Gaitskill, 1,739; S. H. Carr 1,091; Edward Sapp, 952.

What effect the Ku Klux Klan issue had on the voting was a matter for speculation. Paulsen, who had the klan endorsement for Republican gubernatorial nominee was in the lead in the three counties separating the lowest and highest vote.

LAWN FETE IS WEDNESDAY
Hospital Entertainments to Last Thruout Day

Everything is all set for the holding of the annual lawn fete which is to be staged on the St. Rita's hospital grounds Wednesday afternoon and evening. A. W. Cantwell, director of the program, announced Wednesday morning.

A special children's matinee will be held in the afternoon, including a peanut hunt and other games, and in the evening, musical program will be featured, followed by a stunt which is to take the form of a play, and is under the direction of Jack Deal.

VANDERBILT SERVICES
Funeral services for Mrs. Guy Vandervort, 28, who died early Tuesday at her home, 518 S. Elizabeth st., will be held Thursday at 2 p. m. at Bethany Lutheran church.

Rev. W. C. Spauld will be in charge of the services. Rev. John W. Boegert, of Springfield, formerly of Wapakoneta, and a close friend of the deceased when she lived in that city, will have the sermon. Following the services the body will be removed to Wapakoneta. Interment will be in Greenlawn cemetery, that city.

Married Women Are Barred As School Marm

BELLEFONTAINE — (Special)

Married women will have little chance to obtain teaching positions with the local board of education. It was decided at a recent meeting. It was said that a woman cannot divide her attention between her home and the school and do good work at school. This rule does not apply to substitute teachers, however.

AIRMEN BLOCKED BY ICE FIELDS

No Landing Place on the Way to Greenland

REYKJAVIK, Iceland — (By Associated Press) — Lieutenants Lowell H. Smith and Eric Nelson, the United States army world aviators, expect to remain here several days following their stormy trip from Hofslo Hornafjord, on the eastern Iceland coast yesterday. The fliers said they could start today on their Greenland flight except for the uncertainty of the situation at Angmagssalik, where the worst ice conditions in years are reported.

The airmen do not like the prospect of a 500 mile flight over open water with no certainty of a proper landing place. The reports from Angmagssalik are conflicting, there being no assurance as yet that the supply steamer Gertrud Rask reported yesterday caught in the ice fifteen miles off shore, had been able to deliver her supplies for the airmen's next stop. Major Clarence E. Cramming of the United States army air service, who was awaiting the fliers here when they arrived yesterday, is canvassing the situation but is uncertain as yet when it will be possible to continue the flight.

BATTLE IN STORM
Preparations were made early today to pull the planes ashore for minor repairs. This work will require less than a day's time. The machines came thru their battle with the high wind on the flight here from Hornafjord yesterday in good shape despite the fact that the gale at times was so furious that it carried away part of the radio antennas of the cruiser Richmond, flagship of the fleet. At one point the planes were forced to proceed sideways.

The engines working at an eighty mile an hour rate but, making scarcely any progress.

When the Chicago and New Orleans arrived over Reykjavik they found the harbor crowded with shipping. It had been planned on this account for them to land outside the sea wall but this was impracticable because of the rough water. The pilots were equal to the emergency, however, and made a beautiful landing in the limited space in which they had to work inside the harbor.

GREAT ICE FIELDS
LONDON — (By Associated Press) — Safety at Reykjavik, the capital of Iceland, after a strenuous battle against a gale during their five hour trip from the east coast yesterday, the American army aviators are turning their eyes to Far Off Greenland.

Between them and their next goal and along a route which parallels the Arctic Circle, stretch 500 miles of bleak water, part of which is blocked by ice fields, conditions being the worst in years for the season.

The Danish government steamer Gertrud Rask, entrusted with the task of delivering supplies for the airmen at Angmagssalik, their next scheduled stop, reported yesterday by wireless that she was frozen in and drifting with the ice, being unable to fulfill her mission.

Conditions were so bad, the message declared, that it might be several days before the vessel could free herself. A Reykjavik dispatch last night said it was reported the Gertrud Rask had reached Angmagssalik but this has not been confirmed.

Latest advices from the aviators said Lieutenant Lowell H. Smith, commander of the expedition was in conference with Lieutenant Eric Nelson, the other remaining pilot, and the conveying naval officers as to the next step.

The fliers may be faced with the alternatives of refueling near the edge of the ice field, landing in the open water near the Gertrud Rask, or flying directly to Trigtog, on the southwest coast of Greenland, instead of attempting to stop at Angmagssalik.

WILL SEND PLANE
WASHINGTON — (By Associated Press) — Arrangements were completed today by the army air service to send an airplane from Langley field, Virginia, to Pictou Harbor, Nova Scotia, to be used by Lieutenant Leigh Wade from that place over the remaining route of the world flight in company with the two other fliers, TOBY ITALIAN FLIER.

KIRK WALL, Orkney Islands, Scotland — (By Associated Press) — The elaborate machinery set up by the American government to aid the American round-the-world fliers, now is, by courtesy of the American authorities, at the disposal of Lieutenant Locatelli, Italian aviator, who has flown from Pisa to Brazil, and who intends to continue across the Atlantic in the tracks of the United States airmen.

GLANDORF WOMAN DIES
Glandorf, O., died at 2 a. m. Wednesday at St. Rita's hospital following an operation. The body is being cared for by Williams and Davis, funeral directors, and will be returned Wednesday to her home in Glandorf for burial.

GERMAN REPLY IS READY

Answer to Allies on Reparations Completed

NEW CHURCH TO BE DEDICATED

Program for Event Announced by Rev. Bovey

LONDON — (By United Press) — The German delegation worked until dawn today completing its reply to the documents received from the allies at yesterday's plenary session of the reparations conference.

It is understood that Chancellor Marx and his colleagues made immediate concessions of a minor character, changing their original plans in order not to block proceedings and to assist in speeding up the work of the conference.

For instance, instead of submitting a series of counter-proposals, they decided to confine their reply to detailed criticisms of the allied protocol.

The answers were to be ready for a plenary session today. Thus Germany's first gesture at the crying insistence upon speed.

The United Press understands that the German observations bear the following points:

1—Urgent acceleration of economic evacuation of the Ruhr.
2—Oppose continuation of allied railway men on Rhenish railways.
3—Amnesty for all Ruhr prisoners and exiles.
4—Object to continuance of deliveries of reparations and merchandise beyond the treaty dates.

It now appears virtually impossible to finish the conference before next week.

Marx, Foreign Minister Stresemann and Dr. Luther called at Number 10 Downing-street this morning and presented their reply to the allied leaders, who immediately went into session to consider the German recommendations.

FLIGHT OF DIRIGIBLE POSTPONED
SHENANDOAH POSTPONED

LAKEHURST, N. J. — The flight of the naval dirigible Shenandoah, scheduled to start at 3:45 o'clock this morning for Narragansett bay, R. I., where the specially constructed mooring mast aboard the mother ship Patoka was to be tried out, was postponed early today because of the weather forecast predicting thunder storms for today in the New Jersey regions.

The giant dirigible will remain in its hangar today officials at the field said, but weather conditions permitting, the proposed flight and mooring test will be carried out Thursday.

WOMAN DIES OF INJURIES RECEIVED IN AUTO CRASH

FREDLEY — Mrs. Helen May, 55, of Detroit, died here yesterday from effects of injuries received in an automobile accident along the Dixie Highway.

Her husband, W. F. Finley, sustained injuries which are expected to prove fatal, and a daughter, Mrs. R. C. Chandler, of Flint, Mich., was painfully bruised and suffered a broken arm. R. C. Chandler escaped with several fractured ribs.

The accident occurred when Mrs. Chandler driving the automobile, lost control and crashed into another car. All are colored.

NEW CHURCH TO BE DEDICATED

Program for Event Announced by Rev. Bovey

New church building of the High United Brethren church will be dedicated Sunday, Rev. J. B. Bovey, pastor, announced Wednesday. The dedication service will probably be held in the evening, he said.

Bishop A. R. Clippinger, D. D., of Dayton, will be in charge of the day's services. He will preach at both the morning and evening services. Rev. Bovey and Dr. M. R. Ballinger, superintendent of the Sandusky conference of the United Brethren church, will assist him.

A platform meeting is to be held at 8:30 p. m. with T. R. Hamilton, Lima attorney as the principal speaker. Special music will be furnished at all services by the church's male and ladies' quartets and soloists. A basket dinner is also on the program.

Construction of the church was begun last November with the laying of the cornerstone. The building is worth \$55,000 and ranks with the best church edifices in the city.

GOOD MANNERS

Invitations to a christening are never formal, because none but the family and a few intimate friends are supposed to be asked. In this day invitations nearly always are sent over the telephone.

Ottawa Society

Mrs. A. M. Brown and her guest Mrs. R. W. Edwards, left Tuesday night for Detroit, Mich., where they will spend the remainder of the hot days at Mrs. Brown's summer home. Mrs. Edwards is the wife of a former Ottawa Presbyterian pastor.

The marriage of Lee Kerner, of Grand Rapids, and Miss Ida Mang, residing near Detroit, was solemnized Wednesday at 2:30 a. m. in St. Peter and Paul's Roman Catholic church. Rev. V. H. Krull, pastor, and Rev. A. H. Henshaw, assistant, read the ceremony. Mr. and Mrs. Kerner will reside on a farm near Ottawa.

An entertainment will be given Wednesday night at Trinity Methodist church in which leading young people of Ottawa will give their talent. Miss Mildred Cass Hulberg will give a piano solo, Miss Pauline Jones will give three readings. Paul Hiesler will give a monologue. Jackie Coogan, care of Metro Studios, Hollywood, Cal., and Douglas Fairbanks' mail should be sent to 485 Fifth-av. New York City.

SUSIE SMART'S ADVICE

Dear Miss Smart:
I am a daily reader of your column and am coming to you for advice.
What are the addresses of the following movie actors and actresses? Are they married? Lila Lee, James Kirkwood, Anna Nilsson, Jackie Coogan, Douglas Fairbanks, Jr., Matt Moore, Kateell Taylor, Patsy Ruth Miller, Mary Carr and Gloria Swanson. Do you think they would care if I write to them? How old do you think it would be all right to join the movies? Do movie stars need out their pictures to anyone who would ask for them? Could they tell if you went to see them or if you sent them a picture of yourself, whether you could join the movies?

What is a good way to make the hair curly and yet not spoil it? What is good to bleach the skin, besides lemon and buttermilk? Which will be most popular this coming winter—short or long coats?

How can you make yourself popular so that the boys will run with you? If you would go to a city and ask for Mr. Henshaw, would you ask him to write me, and I will write again.

A BRANCH FROM A LONELY TREE
Below are the addresses you wish: Lila Lee, care of Lasky Studio, Hollywood, Cal.; Anna Q. Nilsson, 1945 1-2 Argyle-st., Hollywood; Estelle Taylor, 2023 Calhoun-st., Los Angeles, Cal.; Patsy Ruth Miller, 1822 N. Wilton Place, Hollywood, Cal.; Gloria Swanson, 485 Fifth-av., New York City; Mrs. Mary Carr, 500 Riverside Drive, New York City; James Kirkwood (who is married to Lila Lee) gives his mailing address as the Los Angeles Athletic club, Los Angeles, which is also the address given by Matt Moore, address Jackie Coogan, care of Metro Studios, Hollywood, Cal., and Douglas Fairbanks' mail should be sent to 485 Fifth-av. New York City.

The movie stars are always glad to receive letters from their many admirers, and are always careful to see that the letters are answered either by their secretaries or themselves. Ask for their pictures, enclosing a few stamps, and I am sure they will be glad to send them to you.

There is no age limit as far as entrance to the movies is concerned. A personal interview

would be the proper method of seeking a position in the movies. Photographs are often used, but one must have dramatic ability, also, to make good. Whether or not you should join the movies depends upon your talent, appearance and whether or not your parents are willing to fund it.

A good hair curling fluid is: borax, 3 oz.; gum arabic, 1 dr.; hot water, 2 pts. and spirit of camphor, 2 1-2 fl. oz. Dissolve the borax and the gum in hot water and when nearly cool add the spirit of camphor. Oil and retarding at night, wet the hair with the above fluid. Aside from lemon juice being good as a skin bleach, another excellent home remedy is tomato juice, either fresh or canned. Fall and winter coats will be long, either three-quarter or full length.

If you are neat and attractive looking, agreeable and have a pleasing personality at all times, boys will enjoy being with you. Don't appear overly anxious to be popular, tho, that would gain you few friends among the boys. Before going to a city to look for work, why not write several business houses or offices, where they are in need of workers? Watch the papers and then write, asking for a personal interview. Your writing is good, but your English shows need of improvement. Yes, write again.

SHEEP PRICE SOARS
SYDNEY, N. S. W.—The high prices for wool produced increased prices for stud sheep at recent sales in Sydney. Two Boonoke rams brought \$8,400 and \$8,250, respectively, while a well-known buyer paid \$16,013 for a ram from the famous Wanganella stud.

NEW DRILLING IS LIGHT IN LOCAL OIL FIELDS

Not much activity is reported on the oil fields this time of the year, that are drilled from to be very good producers and over the average. Drilling is slow now but later in the fall it will be much better as some of the large companies are preparing to run active season.

The Six Oil Co., shot a well on the Wheatstone farm near Buckland. This looks like a very good producer and has a fine showing.

Blair and others are drilling near Moulton. The showing on this also is good. They will shoot Tuesday.

Whipple and Ulrich are drilling

near Buckland. Their No. 1 Zimmerman Farm is still striking 28 barrels.

Schmidt & Co. of the Roundhead district are drilling a well one foot deep. They started Monday.

Dividend of 80 cents a share was declared by the Ohio Oil Co. to all stockholders of record of Aug. 22, payable Sept. 20. It was announced following the regular quarterly directors meeting Tuesday.

GOOD LOOKS GOOD HEALTH

WENDELL'S SALTS, AMBITION BRAND—that's the answer. Some of you ladies who read this may have complexion disfigured by liver spots and discolorations. If this is the case, don't worry about it and don't use face lotion. Just go at once to the Retenore Drug Store and get a large bottle of WENDELL'S SALTS, AMBITION BRAND, for only sixty cents. It will clear your complexion by helping to drive from your system the poisonous uric acid that is affecting your liver, stomach and kidneys. A poor, rough, spotted skin isn't due to the sun or weather, but to an upset condition which uric acid usually causes. Go to the root of the trouble. Destroy that uric acid and looks and health will return.

WENDELL'S SALTS, AMBITION BRAND, is a wonderful preparation for indigestion, biliousness, constipation, headache, rheumatism, malaria, nervousness, kidney troubles—when caused by uric acid poison.

Remember, WENDELL'S SALTS, AMBITION BRAND, is guaranteed by the Retenore Drug Store and dispensed everywhere.

It's pleasant to take, acts quickly, and you can get your money back on the first bottle purchased if dissatisfied. adv

Is a Bad Back Wearing You Out?

Do you get up these summer mornings lame, stiff, aching all over? Is each August day but a weary round of throbbing backache and torturing pains? Are you so tired, nervous and dispirited it seems you just can't keep going? Then why not cleanse your system of the impurities that are making you feel so miserable? Why not help your weakened kidneys as so many Lima folks have done? Will kidneys keep the blood stream pure. Stagnant kidneys pave the way for slow poisoning of blood and nerve.

Don't wait for some serious kidney trouble. Use Doan's Pills before it is too late. Doan's have helped thousands. They should help you. Ask your neighbor:

"Use Doan's," Say These Lima Folks:

John McGuff, 206 S. Pine St., says: "Heavy work weakened my back. I had a sharp catch in my back which took the ambition out of me and a dull, continuous ache had me in bad shape. My muscles were aching and I could hardly walk. Doan's Pills bought at Cunningham's Drug Store relieved me."

Mrs. John Van Deander, 448 N. Jackson St., says: "I had a dull aching pain across my back and when I stooped it was impossible to straighten. My bones ached and my kidneys acted too frequently. After using two bottles of Doan's Pills I was rid of all backache and my kidneys were normal." O. E. GURGAN, LATER, Mrs. Van Deander added: "I have had no return of kidney complaint since Doan's cured me."

ST. LOUIS COMING FAST GETS INTO RACE AGAIN

NEW YORK—(By Associated Press)—The American league spotlight, monopolized the past few weeks by New York, Detroit and Washington, is focused today upon St. Louis. As a result of four straight victories over the Senators and eight wins out of their last nine games, the Browns now are within a game and a half of the capital's representatives and four and a half behind the Yankees, who lead the Tigers by two contests.

Thriving on the intense heat, which evidently wilted Detroit's pitchers, the Yanks placed 17 hits in every unguarded spot on Navin field and crossed the plate nine times to Detroit's two. Both accounted for three of his team's tallies by whaling on his thirty-third homer with Witt and Jackson on the lines.

Shocker, holding Washington to three hits in the first game, and Lachar, who appointed eight hits in the second, were responsible for St. Louis' double triumph over Washington. The scores were 2 to 6 and 4 to 2.

Chicago's 11th place with the Browns, whom they trail by four games, and a half with a two-run win from Philadelphia, 6 to 2 and 6 to 5.

In a mound battle between Coleski and Ferguson, Cleveland won a 1 to 0 decision over Boston.

NATIONAL LEAGUE
Batters at critical periods off the excellent pitching of Guy Bush, the Cub recruit, and gave the Giants a 2 to 1 victory in ten rounds. Bush yielded but four hits and drove in his team's only run with a double in the eighth.

Just before the game Hank Gowdy was presented with an honorary army athletic field at Fort Benning, Ga., after him. A platoon of infantry marched in review in his honor.

Pittsburgh continues its sensational winning streak by taking a third straight game from Brooklyn by a score of 8 to 1. The Pirates have won ten out of eleven games in the east.

Eleven innings were necessary to settle the Cincinnati-Philadelphia clash in favor of the former by a score of 4 to 3.

It took St. Louis just two innings to put the game with Boston out of the Braves' reach. The Cardinals chased seven men across the plate in the initial two frames and won, 8 to 4.

Net Matches Have Many Entries

Forty-one boys and girls have signed for the singles tennis tournaments being run off this week at South playgrounds, H. C. Robertson, supervisor, announced Wednesday. There are 17 boys entered in the older boys' tournament, 12 girls in the girls' tourney and 12 boys in the younger boys' tournament.

Doubles and mixed doubles matches are scheduled to start next week, with the remaining singles games being played in between, Robertson said.

Matches in the junior tourney are to be played on both the courts beginning at 2 p. m. with the big match beginning promptly at 4 o'clock.

Pirates Win Close One By 4-1

By bunching hits in the fifth inning for three runs, the Pirates, leaders of the South play ground league, won a close one Tuesday morning from the White Sox by a score of 4 to 1.

Neverall permitted the losers but five hits while his own team's eight off Wright.

It was decided after the game to extend the race for two weeks longer as the playground will not suspend activities until the latter part of August. All games will be played in the morning.

Score by innings:
Pirates.....100 030 0—4
White Sox.....000 001 0—1
Batteries: Neverall and Donahy; H. Wright and L. Bowers

AS A MATTER OF FACT

Being a Criticism of the Out and the In of the World of Professional and Amateur Sports

BY LADON GOODRICH

The poorest kind of a sport is the hard loser. The best sport is the fellow who takes the loss philosophically and keeps on trying until he wins. The faint-hearted sport is very apt to take advantage of supposedly unfair tactics, or to pitch on the victors thru any loophole he may discover. In baseball the umpire is the goat and whether right or wrong these faint-hearted sports blame him. If it were possible to tabulate the loss of ball games mightily few of them would go to the account of the umpire, altho he gets the blame. There is no better example, so far as local baseball interests are concerned than the game played between Lima and Wapakoneta Sunday. The latter team lost simply because they did not play well enough, did not hit the ball often enough or safe enough. As a matter of fact the faint-hearted and hard losers blame the umpire, why not blame the players of the Wapakoneta team? That would be the most sensible. Supposing for argument's sake Empire Goodrich did miss calling correctly a few balls and strikes, this was not responsible for the loss of the game. The umpire is but human and might, even—possibly, probably—but in this instance the result could not have been different. These bad sports even make the miserable excuse that there is a family feud between Pitcher Main and Umpire Goodrich and claim that Goodrich was purposely bad in his judgment. How unfair this is. To know how eagerly these hard losers grab at the proverbial straw, Main did not find any objection to the ruling of Goodrich, except in one particular instance. "Think I had that one," said Main. "You've got to get them in before I can call them," said Goodrich, and that was the end of it so far as the two were concerned.

"Torment" a thrilling production starting with the Bolshevik regime in Russia and ending with the Japanese earthquake, will be the feature at the Sigma beginning Thursday. It will replace "Forgive and Forget" which appears for the final time Wednesday.

Owen Moore and Bessie Love are cast in the lead roles in this production and are said to give an excellent account of themselves. The production is crammed full of thrilling episodes that will be liked by practically all screen fans.

The picture is a Maurice Tourneur product and is distributed by First National. It will play at the Sigma for the last three days of the week, giving way to "For Sale" on Sunday.

PRESIDENT WILL NOT ATTEND UNVEILING

GOES TO TOLEDO
OTTAWA—Mrs. Sarah Blakeman, aged widow of P. M. Blakeman, Ottawa's former marshal, was removed Tuesday to Toledo, where she will reside with a nephew, Clifford Reed. She was removed to the B & O station en route to Toledo on the afternoon passenger train in the Herrington & Pope ambulance. Some weeks ago, while cooking the evening meal, Mrs. Blakeman fell, sustaining a fractured hip.

Powerful Antiseptic Destroys Pernicious Germs of Catarrh

No Matter How Chronic, Soreness Will Go—Mucous Will Disappear and the Nasal Passages Will Be Immaculately Clean Once More.

Just get a six ounce bottle of Koje, the world's most powerful, non-poisonous antiseptic. You can get it from Green's Public drug store, Hunter's drug stores or any progressive druggist for 60 cents.

Spray or snuff it into the nostrils, night and morning for a week or until the mucous has gone and the nostrils are clean and clear.

That's all there is to it—If you really desire to get rid of obnoxious catarrh and the pernicious germs that cause it—start today. If your Catarrh isn't gone in a week—get your money back.

Koje is four times as powerful as Carbolic Acid, yet you can drink it with no ill effects. Read the directions for Koje should be diluted before using—that's what makes it such an inexpensive antiseptic.

HOOK CAUSES SERIOUS INJURY TO RAY ZINT

WAPAKONETA—(Special)—Raymond Zint received a severe wound in his left arm Monday evening when it was punctured by a big steel hook at Sandy Beach, Indiana Lake. The steel hook of one of the swings entered his arm as he clasped it, prepared for a leap into the water. He swung in midair, suspended by the steel hook thru the muscles of his arm.

A Plea to Men

Please keep your hair

You men admire luxuriant hair, thick and lustrous, healthy, clean. And so do we, dear sirs. Then, why will you, through sheer neglect, let your hair disappear?

My hair is finer than 40 years ago. It grows thicker every year. I have never known falling hair or dandruff, and never a touch of grey.

Just because I searched the world for the best hair helps men know. And I had them combined in a tonic and cleanser which I call Hair Youth.

From time to time each better help discovered has been added to it. I believe the experts I consult know all that is known about hair. I know they supply me their utmost. Certainly no factors ever discovered have brought finer hair than mine.

Now I offer you, as I offer women, this supreme help for the hair it is concentrated. You apply it with an eyedropper directly to the scalp. There it combats the hardened oil and dandruff which so stifle the hair roots. It tones and stimulates. Then hair thrives just as flowers thrive in a well-kept garden.

I know that here I place at your command the greatest hair help in existence. Not some fallacious theory, not some ordinary tonic, but the best that science has discovered, so far as I can find.

All druggists and toilet counters supply my Hair Youth under guarantee. The first package brings you help you seek, or I will pay the cost. The cost is 50 cents and \$1 with eyedropper. Let me urge you to try it. We women—all of us—love to see heavy, healthy hair. And I have found the way.

I will send you a bottle to try without cost if you mail this coupon to me.

SENATOR J. F. BURKE
OF ELYRIA, LORAIN COUNTY

FOR GOVERNOR

SUBJECT TO THE STATE REPUBLICAN PRIMARIES

"I stand for the home, the church, the school, the party and government as institutions to be used for the progress, protection and perfection of the race."
—J. F. BURKE.

Do you know that Senator Burke saved millions of the tax payers' money through his track law for road protection?

Do you know that Senator Burke fought for the resolution to uncover graft in Highway contracts to protect the taxpayer?

Do you know that Senator Burke fought for every bill for the taxpayer and against special privilege and homes?

The honest and vernal politicians, who prostitute politics to personal ends, who blight and ruin the reputation of men and parties through corrupt practices, declare that Senator Burke must not be elected. Not one of these is for him. There's a reason. Think it over.

Keep Poisons Plainly Marked

If you must keep poisons in your home keep them where children can't possibly reach them and keep them plainly marked.

The danger of overlooking such a precaution is plainly illustrated in the following which is reproduced from a news report of recent date.

"Two glasses of deadly poison mistaken for a harmless family remedy and mixed for headache relief, were at the lips of Mr. and Mrs. Abraham Bander when their baby began to cry. Mrs. Bander put down her glass and went to the child. Her husband drained his, and fifteen minutes later was dead. He had taken the supposed medicine by error from an open package of unmarked poison."

There's no such thing as too great precaution in protecting health and life.

That's why it is advisable to consult the physician before taking ANY medicine.

Let us fill your prescriptions.

Your Expenses and Ours

Have your expenses increased since 1915? Can you buy as many groceries now for \$5 as you could 10 years ago? Can you and the good wife outfit yourselves for the same amount now that you could then? Is your coal bill higher than it was?

We realize that any school boy could answer these questions. Everyone knows that the dollar to-day is worth only about 68 or 69 cents.

But, as a general proposition, your wages have gone up. If they hadn't, you would be in dire straits today instead of enjoying the highest standards of living our country has ever known.

So, figuring the other way 'round, you happen to be in pretty good circumstances, everything considered. We speak generally of all classes, basing deductions on available statistics.

Now, we would like for you to look at our side of the question.

We have been furnishing telephone service, a service unsurpassed anywhere in the world, since 1921 at the same price. We have had only one source of revenue and that has been from the monthly amounts you have paid in. And we believe you realize that your residence telephone rate ranks 36th in Ohio and your business rate ranks 19th. That, we submit, is pretty low when increases in other lines have been so marked.

In that time we have had to expand and build and improve in a hundred different ways. But we have kept the service up to the top, we believe you will agree.

Since our present rate was fixed, operating cost increased 23 per cent. Wages of our employees have been increased as a major part of this amount. Taxes have increased. Interest on money has increased. Cost of keeping our system at the highest possible efficiency has increased in every respect. AND NOTHING THAT GOES INTO OUR TELEPHONE SERVICE HAS DECREASED

What, then, would be the logical conclusion? We would get to the place where we couldn't make a nickel, in fact we would lose money. We are face to face with that situation right now.

You really are a partner in this business and we want you to understand the facts. Our records are open and we can show you that, altho we believe our concern is operated as economically as any in the country, an increase in rates is necessary if we are to "carry on." We have asked for a slight increase to take effect September 1, 1924, and we are certain that you will readily agree that it is only a good business proposition for you and for us that it be granted if you will look over the facts that we are now submitting.

Whiten Skin with Lemon

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quart of the most wonderful skin whitener, softener and beautifier. Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.
